

Level 4 Community Childcare Practitioner

Level 4 Children, Young People and Families
Practitioner apprenticeship standard and
higher education certificate

Children, Young People, and Families Practitioner (Community) Apprenticeship Standard

This level 4 apprenticeship training programme develops the knowledge, skills and behaviours required to work with children, young people and families across a range of multi-agency services to achieve positive outcomes and sustainable solutions in their daily lives.

You will work within a specific social care role in community settings such as education, youth services, early years, youth justice, family support and special educational needs.

At the end of this training programme, you will be awarded a level 4 certificate in higher education in working with children, young people and families, which is endorsed by De Montfort University Leicester.

Entry requirements

You must have been a UK, EEA, or EU resident for at least the past three years to undertake this training programme.

In addition, you must be able to commit to the full length of the programme, and be able to meet the programme modules through your job role.

If you do not have a level 2 or equivalent in Maths and English, you will be required to work towards achieving these qualifications as part of your apprenticeship.

What is the duration and how will you learn?

Over the duration of 18 months, you will receive a combination of face-to-face and online training and support.

You will undertake an online assessment that will help us to understand your learning style and needs, then we will tailor your learning experience accordingly.

We ensure that you stay on track to complete your programme on time by managing your progress through our state-of-the-art e-portfolio system, Aptem.

Off the job training

As part of the apprenticeship, alongside your job role, a **minimum of 6 hours per week** of your time in work must be dedicated to improving new skills, knowledge and behaviours.

This can be any time devoted to learning and improving new skills, knowledge and behaviours without interruption, and can include:

Online teaching

Digital learning resources

One to one tuition

Workplace assessment

End-point assessment

Learnt knowledge, skills and behaviours will be assessed by an independent assessor in your end-point assessment (EPA). This typically involves elements such as:

Observation of practice

Competency interview

Part one: apprenticeship standard

Part two: Higher education certificate

As part of this industry-leading apprenticeship training programme, we have partnered with De Montfort University Leicester to build a level 4 higher education certificate.

This is delivered by industry experts through 32 weekly workshops alongside the apprenticeship standard, focussing on the following four modules:

Module 1: Lifespan (0-18 years)

- ✓ Understand key biological physiological, sociological and theoretical perspectives used to explain human growth and development
- ✓ Reflect on own and others' information sharing and accessibility issues
- ✓ Understand the importance of observation and early intervention to support developmental needs of young people
- ✓ Access a range of services and identify how to access support to positively impact young people and their families

Module 2: Safe Practice, Safe Spaces

- ✓ Understand the context of safeguarding, the protection of young people and families, as well as the concept of multi-agency working to safeguard
- ✓ Understand legislation, policies and practices for the protection of young people and how to address concerns about abuse, exploitation or risk of harm
- ✓ Recognise young people and families who may be experiencing abuse, and identify the appropriate responses and support

Module 3: Child Study

- ✓ Link knowledge and understanding of human growth and development to observations of young people within current frameworks and current social and cultural impacts of well-being and development
- ✓ Involve teams and families to develop a complete overview of young people
- ✓ Critically evaluate the outcomes of a child study and identify how theories of development apply to analysis
- ✓ Maintain clear, accurate and succinct records and understand professional practice in relation to observation of young people

Module 4: Professional Practice

- ✓ Recognise the ethics and values in your practice and apply principles of anti-discriminatory, human rights and equalities legislation
- ✓ Apply evidence-based practice in your interventions, then reflect on and analyse outcomes to promote independence, provide support and prevent harm
- ✓ Understand the importance of reflective practice, emotional intelligence and the evolving role of Children, Young People and Families Practitioners

The 5 pillars of wider learning

Sustainability

Sustainability is about protecting the future of our environment.

Why do we need to learn about sustainability within an apprenticeship?

Through learning about the world and how to best keep it sustainable, you can be encouraged to safeguard and enhance our natural resources.

Developing your attitudes and behaviours to be more environmentally conscious, you can protect the future of our environment.

CIAG

CIAG provides us with careers information, advice, and guidance.

Why is the support of CIAG important within an apprenticeship?

To be inspired, as a learner, to be proactive and to believe in your ability to achieve your aspirations.

This support will help you learn about career pathways available to you, and will:

- Increase your knowledge about the world of work
- Inspire you to succeed
- Improve your social mobility and life chances
- Help you make informed decisions

Cultural capital & personal development

Cultural capital and personal development is about boosting your employability and work and life skills.

Why do we need to understand cultural capital and personal development within an apprenticeship?

Learning about real-life situations and navigating through them will provide you with essential knowledge, that you may need to ensure future success.

This can include: resilience, confidence, time management, finance management, and much more- all important work, behaviour, attitude, and life skills.

British values, safeguarding & prevent duty

We have a responsibility to keep learners safe during their learning, but we are also responsible for what happens beyond that, too.

British values:

As our learner, you should understand: your right to make safe choices; the rule of law is there to protect you; you should be respected for who you are (regardless of age, race, gender and background); and you live in a democracy allowing you to be involved in decisions that protect you.

Safeguarding:

We can ensure that you are supported by the right people at the right time.

Prevent duty:

We can recognise when targets are preyed upon by extremists and we act, report and get help to stop their recruitment.

Equality, diversity & inclusion

Promoting equality, diversity and inclusion entails fair treatment and equal opportunities for all learners.

The impact of embedding these integral areas into your learning programme means that you will be more aware of your social responsibility to protect the vulnerable in our wider society. This will enable an inclusive mindset in your work and home life, as you develop and grow in your career.

Understanding how to protect those in our society from abuse and extreme idealisms, will further enable our future living and working lives becoming safer and fairer.

Making an impact, now and in the future

Your career is a path, not a programme. We want to understand your career goals for the future now, so that we're best placed to assist, guide and inform you on your options.

Where do I see myself in my career in 12 months?

What support do I need to get there?

What targets and milestones can I set now to aid me in achieving this?

The next level

If you want to up-skill further after completing this programme, consider our level 5 Children, Young people and Families Manager apprenticeship pathways.

Make an impact

The Childcare Company is a sister company of Impact Futures.

We're all about making an impact, be that individuals making an impact through their day-to-day work, or by organisations making their impact on our economy.

As a national training provider, we make this impact throughout the UK, with expertise in childcare, healthcare, clinical and business skills apprenticeships.
